TO WHOMSOEVER IT MAY CONCERN

It is my pleasure to write a letter of recommendation for Yashvardhan Singh Tomar, a talented Android Developer who interned at SMARKT for 8 weeks. Yashvardhan has been a dedicated and hardworking member throughout the course of his internship.

He has shown an extremely high level of punctuality and enthusiasm in his work throughout the time I have known him. I am confident that he is a high-caliber individual who will become an excellent android developer and I strongly recommend him without reservation.
