SKILLS

- JAVA
- ANDROID DEVLOPMENT
- GIT & GITHUB
- REST API
- DATABASE MANAGEMENT
- DATA STRUCTURES AND ALGORITHM
- ANDROID SDK
- COMMUNICATION SKILL

LANGUAGES

English
Professional Working Proficiency

Hindi
Native or Bilingual Proficiency

INTERESTS

- Reading Self Help Books
- Personal Finance
- Fitness

EDUCATION

Bachelor of Technology
Madhav Institute of Technology and Science

08/2019 - Present   *CGPA: 7.5*

Courses
- Electrical Engineering

XII
St Pauls School

01/2018 - 03/2019   *CGPA: 7.8*

Courses
- Physics,Chemistry,Maths

PERSONAL PROJECTS

TODOISTER (06/2020 - 08/2020)
- A TodoList app which keeps track of your Up Coming events
- It uses ROOM DATABASE for the **DataBase Mangment** and **Recycler View** for scrollable view
- It also has other functionality like choosing dates from **CALENDAR** and also allows user to set list according **PRIORITY** wise
- https://github.com/heyitsyash/Todoister

NEWS FRESH (05/2021 - 06/2021)
- Created an app which shows latest News to the User
- It uses **RECYCLER VIEW** for Scrollable View and **REST API** to fetch data
- It fetches data from an Api and Parse though an **JASON Request**
- https://github.com/heyitsyash/NewsFresh ⎘

Parks App (11/2020 - 01/2021)
- Created an App using **GOOGLE MAP** and **LOCATION** which shows all parks in listed region
- It also Navigates between multiple **ACTIVITIES** and **FRAGMENTS**
- which uses **PICASSO library** for IMAGE processing
- https://github.com/heyitsyash/Parks

MEME SHARE (03/2020 - 04/2020)
- Created an App named "Meme Share" using KOTLIN as a Programming Language
- It uses Technologies like Recycler View and Rest Api and use **GLIDE library** for image procesin
- It Also has a Functionality of **Sharing Meme** through **INTENT** to other apps
- https://github.com/heyitsyash/MemeShare

ALSO FAMILIAR WITH

KOTLIN

C++

ACHIEVEMENTS

2 Star Coder at Codechef (12/2020 - Present)
